STRIVING FOR EXCELLENCE

Intervention Resources

Espanola Valley High School

2021-2022 School Year

Espanola Public Schools offers coordinated support to students through Title I, Title III, IDEA, Bilingual Education Services, 21st Century Community Learning Centers.

EPS utilizes data to guide instruction and the need for providing a structured Multi-Layered Systems of Supports (MLSS) model to meet students' needs. Interventions can be provided as part of classroom level tiered intervention, pull out service intervention, after school or summer school tutoring services.

| | |
|--|--|
| AVID (Advancement Via Individual Determination) | AVID is a college and career prep program coordinated by the EPS district. At our school it is offered as an elective, and the program also provides professional development to teachers. Several teachers utilize AVID strategies with students in academic classes. |
| ELA | Lunch Tutoring, students can also receive support from the Librarian. |
| Carnegie Math curriculum | MATHia Software guides students as they learn and practice key concepts and skills. Program features real-time dashboard and assessments to give insight to where your students are and where they are heading |
| Edgenuity MyPath (Math and Reading) | MyPath is an online learning intervention program for middle and high school students that offers data-driven differentiated instruction in Math and Reading. Students are given content to match their independent learning levels. |
| NWEA/MAP Short Cycle Assessment (Math and Reading) | NWEA delivers the insights that help students learn, teachers teach, and leaders lead. Students take the NWEA assessment three times a year. The data is used to group students and identify interventions that need to be delivered to the students. It helps identify learning gaps in the student population and suggests interventions to address these areas. |
| MAPs Accelerator (Math and Reading) | MAPs Accelerator is an intuitive classroom tool designed to simplify differentiation in math and support student growth. MAP Accelerator generates personalized pathways for each student based on their MAP Growth results. Teachers can implement MAP Accelerator throughout their classrooms and adjust goals or pathways as students learn new concepts. |
| Attendance Review Board | Attendance team meets with families to determine root cause of attendance issues and creates a SAT Intervention Plan for attendance. |
